WELCOME TO ARCTOS!

You are the expert.

You know what works and what you need to perform effectively on the job. At Arctos Industries, we seek out and offer that equipment based on your requirements and expert opinion.

We approach our relationships as friends and problem solvers. We don't push gear you don't want or need and we are constantly on the hunt for the lightest, thinnest, innovative gear.

Currently we are proud to represent, what are in our opinion, the best brands in body armor that have the thinnest, lightest NIJ certified options on the market including ShotStop Ballistics for rifle plates and SafeLife Defense for soft armor vests.

Not only does ShotStop have the thinnest plates on the market they lead the industry with an incredible 15 year warranty, saving departments thousands. SafeLife Defense's new Hyperline soft armor measures up at only 4.5 mm thick!

We are excited to demo these great products for you.

DURABILITY

Whether you buy body armor based on comfort, durability, weight, warranty or any other factor, it's all about focusing on what matters for you and your organization.

Understanding the threats that will be faced and the mobility necessary to address the situation is important; and we know budget always comes into the conversation.

SafeLife Defense is different than any other tactical brand because they prioritize you first. SafeLife offers robust warranties and a 30-day satisfaction guarantee to ensure you feel good in your gear.

With innovative technology like the Hyperline Armor which is the thinnest level IIIA soft body armor on the market and the unique FRAS - Flexible Rifle Armor System, SafeLife is a great option for your organization.

Warranty & Guarantees

FIT GUARANTEE - Safe Life Defense guarantees the proper fit of your body armor. If you feel your vest does not fit properly, we will exchange your vest. Exchanges must be within 30 days of delivery and in original condition.

INCIDENT GUARANTEE - Safe Life Defense stands behind our products and your personal protection. In the unfortunate event that you are shot while wearing your vest, we will replace it at no cost as long as a police report is provided during your 5 year warranty.

WARRANTY - 5 Year manufacturer warranty on all ballistic panels and plates.
2 Year warranty on all carriers.

Hyperline Soft Armor

The release of Hyperline™ HL.HG2 is a landmark development in the future of covert performance armor. It eliminates all compromises by combining the best of safety, thinness, weight savings and cost effectiveness. If you want to be invisible in your body armor, and improve comfort, while enhancing your level of protection, choose to wear Hyperline™

EXPERT CRAFTSMANSHIP -100% USA Made & Berry Compliant. Engineered and manufactured at Safe Life Defense HQ in Henderson, NV USA using a proprietary manufacturing process.

BE UNSEEN - Concealable Under a T-Shirt. With incredible thinness (.18") come incredible possibilities. Conceal under anything.

SUPERIOR COMFORT - Made to Disappear. Fully flexible yet Self Structured™ panels provide increased comfort for constant all day wear. You will forget you are even wearing armor.

ULTIMATE PROTECTION - Fantastic BFD, V0 & V50 Ratings. Phenomenal blunt force mitigation, multi hit capability & edge shot protection.

Soft Armor Options

Multi Threat IIIA Soft Armor Panels

Safe Life Defense Self Structured™ Multi-Threat panels not only stop bullets, but are also strike and slash resistant! Our vests have full side protection, which means 15% more coverage than the competition! Sizing is available from 4XS-7XL to fit nearly all body types. Rated #1 in comfort among all soft armor in North America!

- Bullet, strike & slash resistant!
- Constructed with custom para-aramid
- Full side protection – 15% More coverage!
- Concealable design
- Engineered for comfort and maneuverability

Enhanced IIIA+ Multi Threat Armor Panels

This Enhanced Multi-Threat armor comes with every feature of our original Level IIIA armor (bullet, strike and slash protection), but is ENHANCED to provide NIJ level 1 spike protection (up to 36 joules of force) AND by defending against Liberty Civil Defense 9mm & FN 5.7×28! This armor is the ONLY soft body armor to achieve this level of advanced protection!

- NIJ .06 CERTIFIED MODEL: SLD-PLUS
- Bullet, strike, slash, stab & special threat resistant!
- Special threat resistant: Liberty Civil Defense 9mm & FN 5.7×28 40gr
- Spike/Stab Rating: NIJ Level 1 up to 36 Joules of force
- Constructed with custom para-aramid
- Full side protection – 15% More coverage!
- Ultra-concealable
- Engineered for comfort and maneuverability

FRAS

Flexible Rifle Armor System

Safe Life Defense FRAS® is a Flexible Rifle Armor that feels and conceals just like soft armor but is rated to defend against .223, 5.56 and 7.62×39! Flexible Rifle Armor panels provide full front, rear and side coverage while still being lighter than most traditional rifle plates. Guaranteed to be the most comfortable rifle protection you have ever worn or your money back!

Truly Flexible Rifle Rated Armor

Safe Life Defense Flexible Rifle Armor is easy to wear all day, every day, and can even be worn concealed! Offering advanced rifle protection, it is rated to defend against all the most common .223 and 5.56 rounds including Green Tip, M193, M855 and SS109. This armor is also rated to stop 7.62×39 lead core ammo. In addition, it protects against all the most common handgun and shotgun rounds as well as strikes, slashes, stabs and tasers.

Available as full soft armor style panels, 10x12 SAPI sized plates, side armor panels and trauma panels for inside your duty vests.
